TOMAS SILVETTI

INFORMATION SYSTEMS ENGINEER STUDENT 4/5 YEARS

I am a student involved in the area of data science, web and App development.

I'm not someone who likes to sit around doing anything, so I'm constantly looking to improve things, make them more efficient, or find new ideas.

I'm a charismatic person who likes to get along with my team and show interest in each of them.

EXPERIENCE - JOBS

Outlier - AI

Reviewer: 1 year

My job was to train an AI focusing on detail and outperforming today's SOTA (State of the Art) models.

We focused on AI tools, LLM outputs, and quality prompts and responses.

Web developer

Developer team lider: 2 years

My role on this project was as the development team leader. The development was full-stack using Vue + FastAPI + PostgreSQL + Docker technologies.

The development took 3 months to build the MVP (web ecommerce + order managment) and 6 months for the full product.

I am currently maintaining the page (1.5 years), so I am looking for a part-time job.
