TOMAS SILVETTI

INFORMATION SYSTEMS ENGINEER STUDENT 4/5 YEARS

I am a student involved in the area of data science, web and App development. I perform very well in programming and the networking environment. Any work experience where I can learn new technological skills and help grow my interest in the sector is all I'm looking for.

EDUCATION

Universidad Tecnologica Nacional

ING. Information Systems

Advanced student - Last year

LANGUANGES

English

- Oral Level Intermediate - Advanced
- Writting Level Advanced

Spanish

- Oral Level Native
- Writting Level Native

EXPERIENCE - JOBS

Outlier - AI

Reviewer: 1 year

My job was to train an AI focusing on detail and outperforming today's SOTA (State of the Art) models.
We focused on AI tools, LLM outputs, and quality prompts and responses.

Web developer

Developer team lider: 2 years

My role on this project was as the development team leader. The development was full-stack using Vue + FastAPI + PostgreSQL + Docker technologies.
The development took 3 months to build the MVP (web ecomerce + order managment) and 6 months for the full product.
I am currently maintaining the page (1.5 years), so I am looking for a part-time job.

IA web tool - Startup project

Owner: 1.5 years

This is a project of my own that consists of an AI that generates courses for learning programming. The AI generates a course based on the final orientation for which the student wants to expand their knowledge.
